Girls like **Alexis** always seem in control. This blonde wields an air of sexual self-confidence that makes most men both horny and uncomfortable. Blonde, smug and carefree, her smoky eyes look right through you and her meaty pussy makes most men do a double-take. Those pouty lips mean Alexis gets whatever she wants without saying a word, and that plump rump looks like it can grind a cock all night long. Think you're man enough for this porn queen? Then whip it out and give it your best shot, because Alexis can handle whatever *cums* her way!

LIP SERVICE

HIGH SOCIETY 17

Some lips are made for kissing. Some lips are made for licking. **Destiny** and **Angela** don't discriminate—they nibble, tongue, and plunder every lip they can! French-kissing makes these two beauties hot, but it's the steamy musk between their thighs that really get the gals going! Sucking each other's pussy folds and jabbing tongues, fingers, and fuck-wands deep into their forbidden love crevices, these lip-locked lust-pots certainly know how to tease and please as only ladies can. Sure, there's no substitute for a stiff dick, but sometimes it takes a girl's touch.

NO-HOLES-BARRED CHYNA IS QUEEN OF THE RING

By ROB PEREZ

A HIGH SOCIETY EXCLUSIVE

ALL IMAGES COURTESY OF VIVID ENTERTAINMENT

mer wrestler who once did everything possible to avoid submission holds inside the squared circle is now willing to accept a hot face-fucking as long as she is the one calling the shots. Matter of fact, Chyna gets tag-teamed several times in *Queen Of The Ring*. She's all over the mat, getting pinned down while wrestler after wrestler piledrives his cock into her. This is Chyna as you've never seen her before. The main event in QOTR is a Royal Rumble Celebrity Gangbang, the first-ever recorded footage of a female grappler getting fucked silly from beginning to end. *Queen Of The Ring* once again puts Chyna at the very top of the wrestling world and from the looks of it, she's not going to stop. We're dead serious when we say Chyna has what it takes to be the "Undisputed Queen Of Porn"! "This movie made me feel sexy and wanted," said Chyna. "I was glad it was a long shoot because I was totally turned on and hav-

ing so much fun laughing a lot with the guys. I think adult movie fans will go crazy over it!"

CHYNA, LISA ANN, LEE STONE

Lee Stone, playing a Vince McMahon-type, strides into the locker room arm-in-arm with Lisa Ann (playing a classic Stephanie McMahon-type), to make sure Chyna will wrestle at Jizzapalooza, an event she must participate in before Fuckamania. Jizzapalooza will see Chyna get gangbanged by the alliance's top wrestlers, but Chyna is pissed off that she has to do this one last thing for Lee. However, given that the event can't go on without her, Chyna blackmails Lee and Lisa by getting the two to, as Chyna says, "Suck it." The two then proceed to suck the Queen of The Ring off—Lee dining on the wrestler's clit while Lisa works over Chyna's tits. They trade places, with Lisa now sucking on Chyna's engorged pleasure button while Chyna easily deep-throats Lee's absurdly curved cock. With his cock now rock-hard, Stone positions Chyna so he can stick his meat-hook deep into her wet pussy. Chyna buries her face between Lisa's legs, nicely licking Lisa's pussy and getting her off. With her face covered in Lisa's cum, Chyna continues to get slammed even harder by Lee's stiff rod. Lisa cannot stop moaning at how well Chyna, the porn rookie, eats hair pie. Lee continues to pummel Chyna, with Lisa now getting more aggressive with the Ninth Wonder of the World, shoving her plastic tits into Chyna's face. In missionary, Chyna's legs are spread wide open, her trimmed bush fully exposed with Lisa's cooch staring right at her partner. She fingers Lisa, who then sucks her juices off of Chyna's fingers. Chyna appears to enjoy having Lisa play with her body while Lee continues to bang her, this time in reverse cowgirl. Chyna and Lisa share some small talk and some kisses, which leads to Chyna burying her face between Lisa's legs one last time to lap up some of her juices before getting sprayed with Lee's ball juice.

Chyna is back and better than ever, squaring off against the biggest, baddest names in wrestling. See Chyna fight and fuck all of your favorite stars in one no-holes-barred match that will satisfy your lust for grabbing and grappling all in one piledriving, gangbanging, cum-guzzling swoop! In Vivid Entertainment's *Queen Of The Ring*, former wrestling champion Chyna shows her fans and foes that she is not only the "Queen Of The Ring," but Queen of taking on all "cummers." That's exactly what Chyna does in *Queen Of The Ring*, flexing some pretty powerful vaginal and sphincter muscles as both holes take on a host of well-hung superstars. From Lee Stone, Evan Stone, and Tommy Pistol, to the mighty Ron "The Hedgehog" Jeremy, Chyna holds her own. Even certified anal queen Lisa Ann gets her "licks" from Chyna. Things have definitely changed for "The Ninth Wonder Of The World." The sexy for-

GANGBANG

In her first-ever Jizzapalooza, Chyna goes head-to-head with the most formidable wrestlers in the alliance. The ring lady introduces each of the wrestlers while the corny announcer makes fun of their shortcomings. In comes Chyna who immediately sizes up several of the wrestlers before bending down to place their cocks on her face. When the bell rings, the guys approach Chyna and lay her down on the canvas where she goes to town on their cocks. She nicely handles each veteran cock like a pro,

gagging down on their dicks and loving every inch that goes down her throat. They help Chyna back up, but only to bend her over so that they can begin plugging away at her hot pussy hole. Chyna has no trouble at all in this scene, easily going from one cock to another as the male pack take advantage of their submissive fuck-toy. In the second blowbang scene the guys really get Chyna to submit to them, tossing her around while Chyna willingly goes along with the action without complaint. Chyna's pounding continues, this time with a big

dick in her mouth. Chyna eliminates the first wrestler by making him cum, but she still has several more to go. The last wrestler to hold out wins the match. Eventually, even the announcer gets in on the fuckfest. The announcer then enters Chyna and manages to get her to squirm the most. Chyna tests the guys' limits as she taunts them, asking the remaining grapplers if this is the best they've got. After a rigorous pounding, the matheads line up to splatter their cock juice all over Chyna's hard body. And with that, Chyna wins Jizzapalooza.

CHYNA THREESOME

Now ready for the main event, Fuckamania, Chyna earns the right to go in the ring with the alliance's two best wrestlers, played by Evan Stone and Alex Sanders. She enters the ring and immediately gets down on her knees, sucking them both off. The two wrestlers pull down her top to expose Chyna's amazing rack job, grabbing onto those mega-melons while she sucks down hard on both wrestlers' dicks. They pick her up, pull down her outfit, and begin ramming their rods into her stretched-out cunt. The two fuck around for a bit until Stone, tired of fucking Chyna's worn-out pussy, decides to fuck her in the ass in the missionary position. Chyna continues to suck off Alex Sanders, never losing her rhythm as she gets pounded slowly up her ass. Amazingly, Chyna manages to get ass-fucked virtually non-stop for the majority of this scene, stopping only to perform ATMs [ass to mouth]. Evan manages to make Chyna moan loudly just from his anal insurrection. Then the E-man goes in for some pussy-to-ass flip-flopping, causing Chyna to cum from both holes while she still has a mouthful of cock. Alex squirts a couple of big droplets of cum on her face while Evan continues to ass-fuck her, not letting up until he's good and ready to cum. When it's time to shoot, Evan drops a huge load on Chyna's face. *Queen Of The Ring* ends with Chyna rightfully holding up her well-earned and well-deserved championship belt.

A amazing Amazon fuck-peach **Jelena Jensen** is a woman who knows where she's going. While many stratospheric supersluts get by with little more than a GED or a slap on the ass from their guidance counselor, Jelena is a career woman making a career out of spreading her juicy poon. The slutty siren comes complete with a sexy porn pedigree and an actual college degree in film, from an actual college. Though, that shouldn't keep other buxom babes from thinking they need to have a diploma to make it big in the industry—the only thing you need to pass is a giant dick between your thighs.

Poor **Molly**! She shouldn't be so quick to get upset with Chad for giving in to the middle-aged temptations of hot blonde MILF, **Karen Fisher**, particularly the humps in the front and the bottom shelf she's got going on in back! In no time flat, he's fucked the dust right off the antique sexpot. Maybe if Molly had put out a little and let Chad put his grubby little mitts all up and down her teeny titties they wouldn't be having this argument, and there wouldn't be so much damn screaming. But wait—some of that screaming seems to be turning into moaning! Chad looks to be scoring big with both women. And by the time Molly gets to slurping her boyfriend's fresh ejaculate from deep inside Karen's succulent crumpet with her erect tongue, she's learned just as much about hot sex as her young boy toy.

THE CAT'S MEOW

With those big blue eyes and a smile that won't quit, **Nicole's** a joy to be around. But a closer, *deeper* peek at her private parts makes you understand that our centerfold is no ordinary hottie. These perky, pointy pink nipples accentuate her big boobs just right, and a vintage '70s afro hair-pie screams confidence and natural beauty above that delicious, pink pussy. She doesn't have to try hard to make you hard, and you'll be hard-pressed to find a sexier slut than Nicole Aniston!

DIRTY SLEAZE FROM ACROSS THE SEAS!

DIRTY SLEAZE FROM ACROSS THE SEAS!

After a decade of high debt and low growth, times are getting tough over on the old continent. Europe is feeling the aches and squeezes of severe austerity measures the way political hack James feels the pinch in his penis as he guides his throbbing junk way the fuck up, smashing up inside **Christina** and **Sharon's** stinky pink yam candies the day before an important Parliamentary vote. Like the rest of the working class, the girls are well-used to getting screwed and hammered by politicians of every stripe. And unless you count blowjobs in the employment numbers, more than a fourth of Christina and Sharon's fellow suck monkeys are out on the dole. Though quite honestly, between their tender European 25-hour workweeks, their twelve weeks of paid vacation per year, and being eligible for retirement at age 40, it's actually kind of hard to figure out if *anybody's* working.

KILLING YOU

EXPOSING THE GLOBAL ÉLITE'S SECRET
BLUEPRINTS FOR GENOCIDE

Story by PETER THOMPSON Illustration by WAY\$HAK

SOFTLY

The Global Élite sees the huddled masses of humanity as little more than “useless eaters,” fit only, perhaps, to heat their indoor swimming pools with the warmth from their bodies blazing in a crematorium. Perhaps some of the smaller children could be put to use as human brooms of some sort, cleaning out chimney flues? They don’t understand why so many people choose to live in such dire poverty and in such horrid, uncomfortable conditions. And why are there just so damn many of them?

WE WANT TO KILL YOU!

Like a deadly contagion, mankind has blighted planet Earth for millennia. The masses flourish like a mutant virus, infesting the world with more than 200,000 new beings every day. This planetary ailment called “humanity” is a protracted illness, but ultimately a very fatal one. Once cemented in the grimy muck of human misery and repugnance, the once-pristine world is forever tainted, like a fresh container of Play-Doh after being used by a special education class during flu season.

The ecological impact of 7,000,000,000 stinking, sweating, belching, shitting, pissing, snotty, sneezing, masturbating, queefing, fart-huffing human wildebeests living on our fragile little globe

porn sites, stalking ex-girlfriends, or trolling the comments sections on entertainment sites, trading nasty ad hominem barbs with other shut-ins.

All that to say, the world’s population is accelerating at a ruthless pace, and the time to slow it down and reverse it is now. Seven billion human beings on the planet is seven billion too many, but we’ve got to start somewhere.

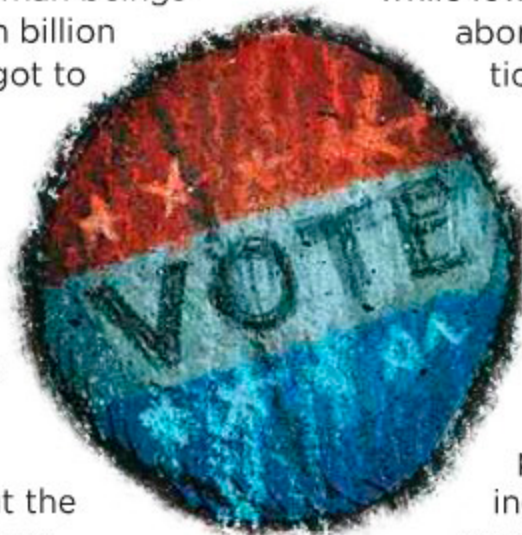

First, we cut the birthrate across the board, especially in developing and Third World countries. Those people breed like human rats—they seem to have litters instead of just one kid at a time. We must cut the worldwide rate down to zero population growth...cull the worthless bastards if we must. It’s an emergency situation. We can’t afford any

growth being horribly out-of-control have spooked the elite classes since 1798, when elitist crackpot economist Thomas Malthus first warned the world that as population spiked, the poor and lower classes would bring the entire society down with them and suggested that it might become necessary to ultimately dispose of them. He advocated raising the death rate through hunger, disease, and war, while lowering the birth rate through abortion, birth control, prostitution, and celibacy.

In 1804, the numbers rolled over and for the first time in human history, there were over a billion denizens of Earth. Many elites saw imminent collapse—game over—if nothing was done.

They began publishing many papers and theories explicating a solution. The earth could never support so many people

and a plan had to be put into practice to stem the flourishing tides of unwashed masses that were beginning to wash up on their

Taken as a whole, human beings are not a generally impressive or appealing animal, despite a million years of evolution.

has already proved catastrophic for the climate—all that gas, blather, and halitosis has heated the air, causing the once mighty polar icecap to practically disappear. Taken as a whole, human beings are not a generally impressive or appealing animal, despite a million years of evolution. A quarter of the world is functionally illiterate—more than 1.5 billion people on the planet can’t read or write their own names. More than 130 years after its invention, nearly half the people in the world have still never used a telephone. Of the 30% of the world connected to the Internet, 90% of them spend the majority of their time with their pants open looking at

solution that’s not entirely draconian, seemingly unreasonable, and clearly xenophobic. We must institute a “one child” policy as they have in China, where they already have 1.4 billion people. Have you ever seen Chinese people launch themselves into crowded subway cars? They turn into these psychotic Pokemon on suicide missions, getting up a head of steam and then running blindly straight into immovable masses of flesh. We certainly don’t need to add strollers to that equation.

Our planet is in ecological shambles because of all these extra people—or, rather, that’s what we should tell them. We must get them concerned about their carbon footprints and hold the fire to businesses that pollute—to make them pay us money for carbon credits. We must stop global warming before the Antarctic ice sheet dissolves and the oceans rise and cover everything but mountaintops. And from what I understand, many of the world’s poor, uneducated people aren’t necessarily the strongest swimmers. If they weren’t so damn willing to squat in asbestos-filled sweatshops assembling iPhones 18-hours-a-day for chickenfeed, they’d be completely useless.

PLANNED PARENTHOOD WANTS TO KILL YOU

“We don’t want the word to go out that we want to exterminate the Negro population,” said Margaret Sanger, Founder of Planned Parenthood and Adolph Hitler’s eugenics muse.

Fear of population

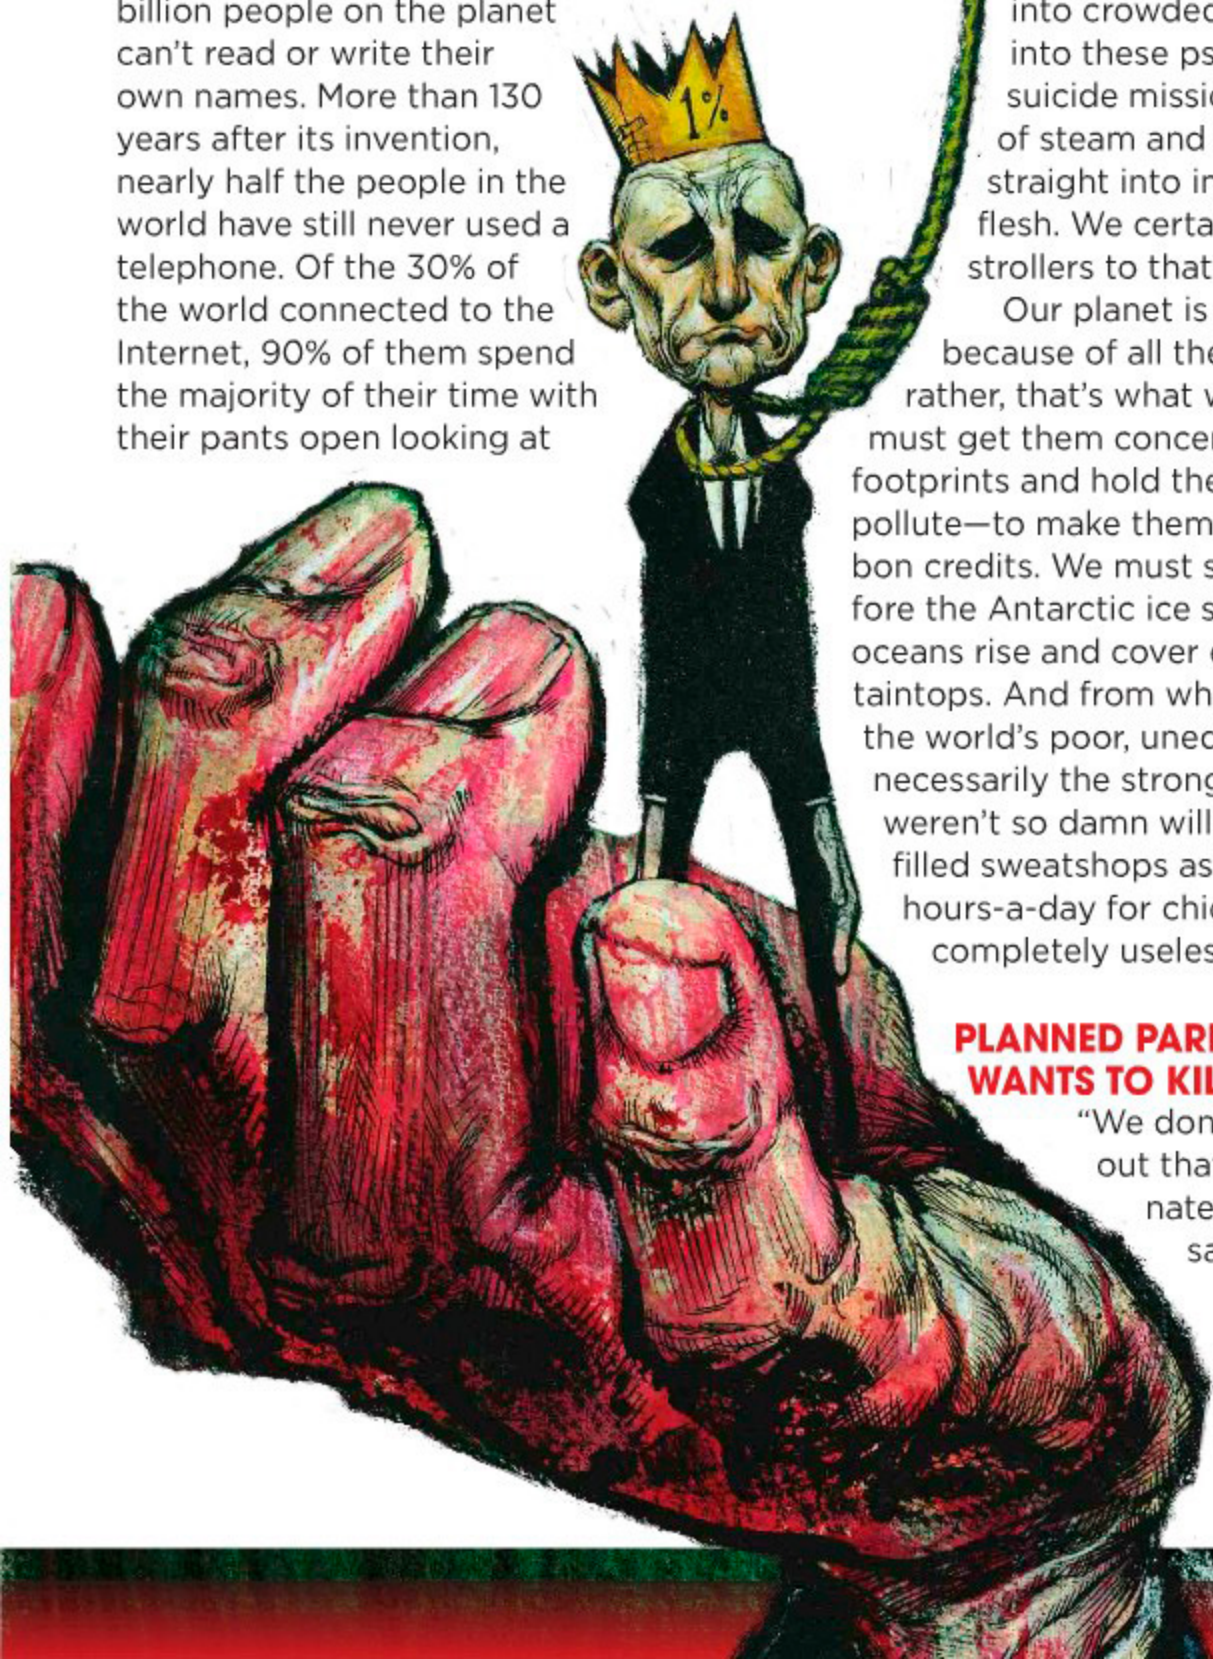

shores.

It took another 123 years for the population to add a second billion people, which it did in 1927. The warnings became more and more dire than ever. Mass starvation, plagues, and concerns over legroom groused from the headlines across the broadsheets and newspapers, owned by the mega-wealthy families that have always decided what constituted “news,” setting the agenda for action to stem the crisis. Our delicate ecosystem simply *couldn’t* and *wouldn’t* support any more people. The climate was about to begin spiraling out of control. National governments would collapse from inner stress. Something had to be done from a centralized position of power, by the Masters of the Universe—those with the most money.

The answer that the elites came up with was born out of late 19th century England, the fetid flowers of Darwin’s theory of evolution, as championed by his cousin, Sir Francis Galton.

The wicked pseudoscience of Eugenics was born.

Eugenics was a bio-social crusade, inspired at least in part by the breeding of animals, that sought utopia for the few by advocating the use of genetics and selective breeding in order to “purify” the race. To their minds, advancements in medicine were frustrating the work of natural selection, and a re-balance must be achieved. They imagined a caste system, with the most gifted and elite members of society at the top (naturally, upper-class whites like themselves). Those with negative genetic traits would be sterilized while those with positive traits would be encouraged to breed—similar to the Nazi Lebensborn program—essentially a state-sponsored stud farm for the Master Race. While so-called undesirables, like Jews, homosexuals, gypsies, and the mentally ill were sterilized or outright disposed of to keep from “infecting” the racially pure breeding stock,

those with top-tier DNA created tens of thousands of children out of wedlock that essentially became parentless wards of the state.

In order to solve the problem of overpopulation and advance humanity, the world would have to start emphasizing *quality* over quantity.

It was all a type of scientifically flawed bigotry with a nomenclature loaded with hate: racial hygiene, judicial mating, inferior stock. Eugenics was an attempt to build better (whiter), smarter (whiter), healthier (whiter) human beings and let them propagate and replenish Mother Earth.

After the Nazi eugenics atrocities and gassing of millions left a sour taste in the mouth of humanity, these terms would be exchanged with more palatable modern euphemisms such as “sustainable population,” but eugenics is still alive and well today.

Kooky old birds like Margaret Sanger, founder of The American Birth Control League (later renamed Planned Parenthood), and Demerol addict, could not abide the dregs of society being allowed to copulate and procreate as freely as drunken bonobos.

After receiving large donations from elitist Malthusians like John D. Rockefeller, Jr. and the Carnegie family, Sanger opened a birth control center at what she considered ground zero of the genetic war: the poor, black neighborhood of Harlem. Staffed entirely by black doctors and nurses so the patients wouldn't suspect there was a genocide afoot, Sanger set out to sterilize as many black women, abort as many black fetuses, and stem the growth of the African American population as best she could. Her theories always held to the highest scientific standards, Sanger considered the lighter-skinned black people in her employ superior to the darker skinned. Toward the mid and later parts of the 20th century, birth control was sold as empowerment, as reproductive a choice as feminism.

As the cover of Sanger's *Birth Control Review* stated: “More Children for the Fit. Less for the Unfit.” And exactly who were the unfit? “Hebrews, Slavs, Catholics, and Negroes.”

Accordingly, Sanger always set up her

about conspiring to keep the lion's share of the planet's limited resources in the hands of the few.

POLITICAL ELITES WANT YOUR VOTE—THEN THEY WANT TO KILL YOU!

President Obama's science czar, John Holdren, was broadly inspired by Harrison Brown, a man he considers his personal hero and an outspoken eugenicist, population alarmist, and infanticide fanatic who wrote *The Challenge of Man's Future*, a book that added exceptionally good-looking people to the human aristocracy, while calling for global government to implement proper breeding standards. Brown looks at the world's children with contempt, referring to them as a “pulsating mass of maggots” meant to be reviled. He believes they should be quickly and efficiently disposed of like surplus puppies at the animal shelter.

Holdren himself has advocated forced abortions and adding sterilants to the public drinking water to keep populations in check, and failing that, actually giving over our national sovereignty to a well-armed “Planetary Regime” that would be in a better position to enforce world population limits.

Somewhere on the same page, Secretary of State Hillary Rodham Clinton's own top science and technology advisor, Dr. Nina Fedoroff, told the BBC's *One Planet* show that, “There are already too many people on the planet.”

It's no wonder very few politicians actually want to secure our country's borders—an influx of immigrants instills the fear in every small town American: a future of hovel-living. Waking up one day in a Third World favela—the streets and sidewalks once “paved with gold” now jammed with squatters, beggars, and pocket knife-wielding armies of well-choreographed dancing and singing immigrant gangs at war with each other, hoards of heathen Chinese, and fecund Hindoos dumping tons of night soil on their once prosperous farmland. Twenty-story-high-rise shanties

nating undesirable members of the populace, or as she put it, “populations that we don't want to have too many of.” Of course, the

Supreme Court has always upheld the opinion that, frankly, you *should* die. In a letter to a friend, Justice Oliver Wendell Holmes excitedly wrote that he had just “delivered an opinion upholding the constitutionality of a state law for sterilizing imbeciles.” It was the first time he had felt close to accomplishing “real reform.” It was a landmark year for Holmes and the other eight members of the nation's official repository for Harvard and Yale law school alums, as they also got to hear *Buck vs. Bell*, offering up the idea that forcibly sterilizing lower-class women was obviously constitutional.

BILL GATES WANTS TO KILL YOU!

While money can buy you all the love in the world, billionaire Microsoft founder Bill Gates is living proof that it sure as shit can't buy you a decent haircut. Population reduction has become the *cause célèbre* of the ghastly rich plutocrat who fashions himself a philanthropist. Like his pal Warren Buffett, The Bill and Melinda Gates Foundation has given hundreds of millions of dollars to programs committed to lowering the world population, in addition to giving Malawi children measles vaccinations at gunpoint. In fact, Buffett has recruited dozens of billionaires to join his Giving Pledge and agree to give away half their fortunes to charity, preferably while the billionaires are still young.

Much like the infamously shadowy Bilderberg Group, the club holds secret meetings every year at snooty hotels to socialize and make their plans for the year. Buffett himself has given hundreds of grants to Margaret Sanger's Planned Parenthood organization ranging from \$5,000 to \$500,000. That's on top of the three billion he's given around the world to promote abortion in developing

Thomas Malthus advocated raising the death rate through hunger, disease, and war, while lowering the birth rate through abortion, birth control, prostitution, and celibacy.

birth control clinics in low-income neighborhoods with large populations of Herbrew, Slav, Catholic, and Negros. She even advocated for a law that “undesirables” should have to apply for official permission to reproduce the same way that “immigrants have to apply for visas.”

As the planet crossed over the three billion threshold, elites became ever more vocal about getting rid of the lower classes and began dedicating more of their fortunes to that goal. No matter that all seven billion folks could fit relatively comfortably in an area the size of Texas with room to spare, it's

would go up on Main. The air once fresh with the sweetness of apple pie cooling on the windowsill now yellow and black, strong with incense, crack smoke, and strange curries. The exasperating smell of Third World life: unfathomable body odor, poon stank that slaps you on the face, and unbelievable rodent dander. Flies land on the bald heads of malnourished children who no longer possess the will or dexterity to shoo them away.

Elite jurist and Supreme Court Justice Ruth Bader Ginsburg, admitted that she thought the landmark 1973 *Roe v. Wade* case legalizing abortion would do a better job at elimi-

countries. In order to qualify for economic incentives, many politicians make stipulations based on what that country is doing to lower its birthrate in order for it to qualify for loans.

Buffett, and other celebrity philanthropists, hope to lobby wealthy western democracies to loan money to poor, underdeveloped countries. After all, lending money to Third World countries can be as profitable a business as any pawn shop that pays cash for your house. Once the money is given, usually more than the country has even asked for, a good chunk will inevitably disappear into the pocket of whatever tinpot dictator is running

things. The rest goes to whatever bad ideas the leaders have. Lo and behold, when payment comes due, inevitably, the country doesn't have enough to pay back the debt—so, the wealthy country practices a kind of “payday loan colonialism” where they come in and seize that defaulting country's natural resources in lieu of cash payment.

Gates and the other “big givers” blueprints tend to be profoundly eugenic in nature. At a recent TED [Technology, Entertainment & Design] talk, Gates essentially admitted that the purpose of giving vaccines to Third Worlders was to flat out kill them. “The world today has 6.8 billion people,” he said. “That's headed up to about 9 billion. Now, if we do a really great job on new vaccines, health care, reproductive health services, we could lower that by perhaps 10 or 15 percent.” Another billion bites the dust.

BIG PHARMA WANTS TO KILL YOU!

Look! Up in the sky! Wow! It's a plane! Leaving a contrail behind. Wait, that's not a

Eugenics was an attempt to build better (whiter), smarter (whiter), healthier (whiter) human beings and let them propagate and replenish Mother Earth.

contrail. It's a chemtrail. Hey, what the fuck is that greasy, oily shit spreading all across the sky and blocking out the entire fucking sun?

It's geo-engineering, a globalist plan to change the climate and influence the weather, all for the betterment of mankind. Right?

Because otherwise, they're just dropping poison right on top of us—sometimes in the form of tiny white or black flakes that stick to your car window, that you breathe in.

We're already being soft-killed through fluoridated tap water and mandatory vaccinations.

Big pharma is making a fucking killing, slowly killing us.

Recent figures suggest that over 40 million Americans are on some type of anti-depressant, anti-psychotic, or psychoactive drug at any given time. Over the years, that number gradually increases to a total of about half the population being exposed to these chemicals at one time or another during their lifetimes.

How did we get along all those years without them? It's not as though we're now a happier nor less depressed country because we're on “happy pills.”

If anything, people seem more miserable and less hopeful than ever.

Big pharma spends billions of dollars lobbying doctors, government agencies, giving away crappy merch swag like large-faced Pristiq clocks to Effexor XR Limited Edition Herman Miller Aeron chairs for the doc's ass. They also put together lavish “work-study” retreats for doctors and their spouses with free meals and pocket money. Docs are whined and dined yet we're the ones who get fucked in the ass for it. They get to make up all classifications of new diseases and ail-

ments and then sell us the cure, usually in the form of highly priced physically addictive medicines that poison our systems and turn our unborn babies into congenital train wrecks.

SSRIs [Selective Serotonin Reuptake Inhibitors] like Prozac can permanently harm your brain, altering its chemistry and turning you into a zombie on the couch who feels absolutely nothing, neither highs nor lows.

Soon, you are being medically managed. *For life!*

Every few months you go see Dr. Fraud for ten whole minutes, he gets paid \$200 by the insurance company and you get another prescription for a medicine that doesn't quite help you, but now that you've been on it for years, you can't physically stop taking it.

Any good doctor will tell you that the best defense against infectious disease is to have a strong immune system: wash your

sperm counts by a whopping 80% since World War Two.

AN ANONYMOUS MAN (MAYBE TED TURNER?) WANTS TO KILL YOU!

“Let these be guidestones to an age of reason.”

High atop a neatly cut grassy hill in a stretch of rural Elbert County, Georgia is a mysterious cluster of four 28-ton upright granite slabs radiating out in a spoke from a middle stone, all supporting a fifth keystone slab resting soundly on top.

Obviously this must be a tribute to some fallen Confederate war hero or perhaps the birthplace of the guy who invented Waffle House.

No, not quite.

The colossal, curiously placed monument is often referred to as the “American Stonehenge,” or alternatively, the Georgia Guide-

hands, eat well, and exercise regularly. *And get vaccinated for everything!* If you follow your doctor's advice to the letter, you'll have had a total of 27 to 30 vaccines before you turn six.

Vaccines are at the center of many controversies and may contain well-known carcinogens like mercury in the form of thimerosal, chemicals capable of changing your personality and making you more docile and socially malleable. Today's vaccines are laced with nanochip technology that erases parts of your memory and allows the government to control you.

They can target the neurological system with neurotoxins that have a mutagenic effect on human chromosomes. They readily contain aluminum hydroxide, ammonium sulfate, pig mucus, horse blood, rabbit pox, polio virus, monkey parts, and chicken embryos. The formaldehyde, thimerosal, MSG, aborted fetal tissue, and the mercury is put into every vaccination as part of the United Nations Agenda 21 and is thought to be responsible for causing the high rates of autism, ADHD, neurological disorders, and Alzheimer's. They make you subservient and passive. And they make you take them if you want to participate in society. They make you get dozens of vaccines before you're even allowed to enroll in public school.

So you home-school your children and eat storable food three times a day and you teach your children how to handle a semi-automatic weapon and become a marksman at 500 yards.

The hormones they put in milk and beef are hyperfeminizing men and have reduced

stones, and its significance to the future of the world as we know it cannot be understated.

Nobody knows the true identity of the man who commissioned the piece that was cut and carved by the local Elbert Granite Finish Company over a one-year period from 1979 to 1980. It was stipulated in the construction agreement that he was to remain completely anonymous, and thus he has remained so to this day. He gave his name as “R.C. Christian” and claimed that he represented a small group of Americans seeking a New Age of Reason. The phrase comes from the title of an irreverent piece written by patriot-pamphleteer, Thomas Paine. *New Age of Reason; Being an Investigation of True and Fabulous Theology* was Paine's “common sense” support for the destruction of the Judeo-Christian beliefs upon which the American republic was originally founded. The text attacks the church for its corruption and its “adulterous” connection to state. It called for a secular utopia, with an emphasis on the possibilities of human progress and perfection.

What seems like a benign monument capturing the imagination of a harmless eccentric instantly becomes a deadly serious warning for everyone on Earth. On closer inspection, the Guidestones turn out to be a Ten Commandment-style blueprint, engineering the mass annihilation of 80 to 90% of the world's population, back to the numbers of the Dark Ages, when the Bubonic Plague did all their culling for them, keeping humanity below 500 million souls.

The Georgia Guidestones is actually an occult shrine to eugenics that espouses the malicious goals of the dark knights and overlords of the world elite—the covert cabal of formidable families that control world events from behind the scenes.

The Global Élite are a sinister, shadowy transnational cabal made up of mega-moneyed “masters of the universe.” Their ranks are dominated by psychos, criminals, villains, and sociopaths. They’re responsible for all of the world’s ultimate goal: total and complete world domination and control, catastrophes and plagues, wars and famines, pestilence and pogroms, political unrest, and financial collapse. Like super-charged chupacabras, they feed on the blood of their prey, sucking the warmth and life from their victims, their red eyes blazing. But instead of animals, the Élite feed on murder, assassination, theft, and hate. They’re a lawless cartel of roguish plutocrats and morally bankrupt magnates who are the real power behind heads of state, international banksters, and CEOs, the puppet masters pulling the strings and yanking the cords. For millennia, the Illuminati bloodlines of the ruling class have decided the direction of the world in their ultra-secret meetings, like the Bilderberg Group and the Club of Rome, but as they’re slowly forced from their dark hiding places, they are getting more and more desperate to act and becoming more and more likely to attempt to destroy the planet, once and for all.

They have the potential to make the world a bright beautiful place, or they have the power to slowly blacken the sun and turn the world into chaos.

The Georgia Guidestones were officially unveiled to the public on the important occultist date of March 22, 1980 (3/22), the monument stands over 19 feet high and is inscribed with its sinister message in Spanish, Swahili, Hindi, Hebrew, Arabic, Mandarin, Russian, and English. There are also shorter messages written in the ancient languages of Babylonian, Classical Greek, Sanskrit, and Egyptian hieroglyphs.

It is a monument to eugenics, to malevolent environmentalism, world government, and to the destruction of all religion that doesn’t worship the state.

Like any occultist structure, the stones are astronomically aligned and there is a hole drilled through the center stone from

be eliminated in bulk in order to better conform with nature. The message is similar to the United Nations Agenda 21, which calls for limiting growth in the developing world.

The simple fact that almost nobody in the United States has ever heard of the Georgia Guidestones nor has any idea what their message is only shows how in the dark most people live their lives and how easy it would be for such a malevolent force to come in and take over with virtually little fight.

And that’s the goal of the elites—they want to keep you dumb so they can control, exploit, and finally, once you have outlived all of your usefulness, they can once and for all permanently remove you from this mortal coil.

If nothing else, maybe the stone monoliths will topple over and crush you to death.

BIG STONES WANT TO KILL YOU!

The Ten Commandments of Doom

1. Maintain humanity under 500,000,000 in perpetual balance with nature.
2. Guide reproduction wisely, improving fitness and diversity.
3. Unite humanity with a living new language.

4. Rule passion, faith, tradition, and all things with tempered reason.
5. Protect people and nations with fair laws and just courts.
6. Let all nations rule internally, resolving external disputes in a World Court.
7. Avoid petty laws and useless officials.
8. Balance personal rights with social duties.
9. Prize truth, beauty, and love, seeking harmony with the infinite.
10. Be not a cancer on the earth—leave room for nature to grow.

They are the United Nations. The Roth-

schild family. The Rockefellers. The interna-

tional bankers. The Federal Reserve. The Ford Foundation. The Bush family. The Saudi Royal Family. The New World Order. The Council on Foreign Relations. The Trilateral Group. The Bilderbergers—the puppet masters who secretly control the entire world, the evil cabal of the top, wealthiest, most powerful capitalist masters who meet yearly in hotels around the world to decide everything that’s going to happen in the world. They control the future. They control how the past is written. They own the munitions companies that make the weapons of war that kill, and they own the hospitals that treat wounds and heal, and they play both sides against the middle. They plan world wars and police actions and they force-feed you genetically modified corn and beef soaked in more estrogen than a steaming tampon. They read your emails and listen in when you call your morbidly obese relatives, and they too wonder what keeps Uncle John alive? You’re just taking up space and using limited planetary resources and you have no right to exist on this planet. And through a mix of vaccines, flu shots, GMO crops, HAARP [High Frequency Active Auroral Research Program], nanochips,

On closer inspection, the Guidestones turn out to be a Ten Commandment-style blueprint, engineering the mass annihilation of 80 to 90% of the world’s population.

which the North Star can always be viewed. Occultists are known to worship the alignment and movement of the heavens as part of their religious ceremonies.

The message spells out the plans of the ruling Élite, including the depopulation of the world from its current figure of seven billion souls, down to a mere 500 million. Also included on the stones are goals meant to increase the genetic “quality” of those who reproduce. The stones call for a one-world religion, a supreme world court, and imply that human beings are nothing but a “cancer” upon the planet and should

implants, the flicker rate on your television, the fluoride in your drinking water, an engineered bioweapon that gives ebola and mouse pox to anyone making under \$900k a year they’ll get the job done.

MAYBE YOU SHOULD THINK IN TERMS OF KILLING YOURSELF?

The good book says to be fruitful and multiply. But whoa! Wait a minute—maybe not *you!*

Maybe those Global Élites have something of a point, there are just way too many fucking people on the planet.

TURBO-D

FOR ERECTION PROBLEMS

American Indians discovered miracle drugs in nature; aspirin in birch bark, quinine in cinchona, digitalis in fox glove and DAMIANA, which they used to stimulate long, strong erections. Chinese used GINSENG to increase sexual power, while Central Americans used sarsaparilla in the same way. Our formula supplants ALL THESE LEGENDARY PRODUCTS in a single capsule for daily use. We make no claim TURBO-D is an aphrodisiac, but we've had many repeat customers since 1974. If you have erection problems, try it. You won't be sorry.

DO YOU WANT THE SEX POWER OF A BULL?

Throughout the civilized world daily doses of natural substances called Tocopherol are given to breeding bulls to increase their sexual performance. Meaning quicker repeating erections and more powerful orgasms. This is not just a theory. It has been shown in agricultural laboratory tests that when bulls are given tocopherol on a steady basis they actually impregnate more cows. Tocopherol increases their DESIRE and their ABILITY to copulate. This phenomenon has not been conclusively demonstrated in humans...but if you'd like to WANT IT MORE and DO IT MORE...if you'd like a BIGGER STIFFER ERECTION that goes the distance. Tocopherol may be the answer for you. Tocopherol is completely safe for human consumption and approved for sale by the Federal Government. Send for a trial supply today. You could be giving your sex life a tremendous boost.

LILY LABEAU

THE HIGH SOCIETY INTERVIEW

by Rob Perez

PORN VALLEY, CA—LILY LABEAU IS BOUND TO BECOME ONE OF PORN'S ELITE ACTRESSES. AS A PERFORMER SHE'S THE TOTAL PACKAGE, MEANING SHE HAS WHAT FEW GIRLS IN THE BUSINESS POSSESS: GORGEOUS LOOKS, AN APPROACHABLE, CHARMING PERSONALITY, A STRONG WORK ETHIC, AND A LUST FOR GREAT WHITE-HOT SEX. FANS ESPECIALLY LOVE THE WAY THIS GIRL GOES AFTER COCK—WITH A PASSION THAT FEW PERFORMERS CAN EVER EXUDE. SHE DOESN'T JUST FUCK FOR A PAYCHECK; SHE FUCKS TO GET OFF. CRITICS LOVED HER IMPRESSIVE PERFORMANCES IN SUCH HIGH-END SMUT AS THE MUCH-HERALDED *WASTELAND* AND *TAXI DRIVER: A PLEASURE DYNASTY PARODY*, TO HER BALLS-DEEP PERFORMANCES IN GONZO STROKE FILMS *PLANET ANAL* AND *MANDINGO MASSACRE*. LILY LABEAU IS NO LONGER "THE NEXT BREAKOUT PORN STAR." SHE'S THE FUTURE!

HIGH SOCIETY: *You once said you're "a little bit crazy." What did you mean by that?*

LILY LABEAU: What I meant is that I'm not normal and I never want to be normal. I love that I'm unique and I love that I think in a way that other people don't. That's what I mean by crazy. I don't think I'm legitimately crazy, but some days I feel like it. [Laughs] Sometimes I don't understand why I don't think the way everyone else does. I think everyone has their own brand of crazy and I just like finding people with the same or similar brand that I have.

HS: *I understand, you're eccentric, not mentally unstable?*

LL: Yes, I'm eccentric. [Laughs]

HS: *Is that what makes you a little different from other porn girls?*

LL: I think porn girls are eccentric. Every single girl that decides to have sex on camera is a bit eccentric. I don't think that separates me. What separates me is the fact that I am an individual and I try not to be anything other than what I am. I'm not looking to fit a mold. [Laughs]

HS: *In addition to being crazy you're also beautiful. Would you say there are more advantages than disadvantages to being beautiful?*

LL: That's a tricky question, only because I think every person has advantages and disadvantages. Because I'm pretty, of course I can use that, but I also have disadvantages I don't think people realize. The blonde hair...I debate with it all the time. I still want to go back to brunette because people treat you differently with blonde hair. I think

everybody is working with advantages and disadvantages, you just got to use what you got.

HS: *You've been in the business for a few years now and you've already garnered critical acclaim, been honored for your performances, and done a lot of work-related travel around the world. What has been some of the really big highlights of your career?*

LL: The first thing I ever did was *Dare Dorm* for Reality Kings. That was the first scene, but not the best. It was the reason I decided to continue in the industry. After that it was a whirlwind. I went to Japan and I turned 19 [there], and I worked for a week. That was incredible, it was amazing and I pray, hope, and dream I can go back someday soon. They treated us like princesses. So that's how I got enough money to move to California. So I did that, and a little while later I got with Mark Spiegler [of Spiegler Girls] and so far that is the highlight of my career. He just boosted my career to a whole new level.

HS: *Tell me about your *Elegant Angel* film *Wasteland*. What is your role in it and can you tell me what the film is about?*

LL: The film is about a reunion of two best friends. They haven't seen each other in five years. They've stopped being friends. It's five years later, and they meet up and have a crazy, wild, sexually adventurous night together. My character is Jackie; she is the wild one, the bad girl. In high school she was the one that slept with boys and was the naughty girl. Lily Carter, her part is Anna. Anna is the sweetheart, she does what she's told, and hasn't engaged in sex early, but it isn't because she doesn't want to—that's kind of the twist to the story. Basically, you see Anna transform; you see how the night transforms her into a different person. It's pretty

I want a cock deep inside and I want him to fill me with all of his cum.

dark. It takes you on an emotional roller coaster where you're happy and you're excited and you're curious about what's going to happen. Lily Carter gave an amazing performance. There's one part in there where, I swear to God, I cried. It is so sad, so touching, and it's so beautiful.

HS: *Graham Travis, the director, likes to do character-driven films. Was this the most challenging acting role of your career?*

LL: I would say the most challenging and most exciting role that I've had so far in my career.

What separates me is the fact that I am an individual and I try not to be anything other than what I am. I'm not looking to fit a mold.

HS: *Did you get along well with Lily Carter, your co-star in the film?*

LL: We did. We had a really great time. It was so sad when it was over because it was such a good set to be on. If you're a girl in the industry, you pray and hope to work for Elegant Angel. They're such good people and they're a good company. The movie was so beautiful and it was so relaxed. They did it so well and the locations were great. We never wanted it to end.

HS: *Is Elegant Angel your favorite company to work for?*

LL: Yes they are. They know how to work it, they know how to make you comfortable, they like it dirty, they have really great directors, and they know how to run things. I never pick favorites, but I'm picking a favorite. Elegant Angel is my favorite company.

HS: *Have you ever done any mainstream acting?*

LL: Have you heard of the movie *The Canyons* with James Deen and Lindsay Lohan? I didn't even have to act, but this is my only mainstream thing. I just did a little making out with Lindsay Lohan. [Laughs] When the mainstream world calls they don't want me to act. They just want me to be naked and do some kissing, which I'm okay with.

HS: *Name several of your favorite hardcore acting roles.*

LL: I have 30 different characters running through my head right now. [Laughs] I really loved doing Smash Pictures' *Halloween XXX Porn Parody*. One of my secret desires is to be in a horror movie, but a Rob Zombie-type horror movie—to be covered in blood and die a gruesome

THE FUCK FACTS

Birthday: January 20, 1991

Birthplace: Phoenix, AZ

Height: 5'9"

Weight: 125 lbs.

Measurements: 34B-23-34

Movies: *Wasteland* (Elegant Angel), *The Incredible Hulk XXX* (Vivid), *Anal Plungers* (Jules Jordan), *Lesbian Office Seductions 6* (Sweet Heart Video), *Planet Anal* (Evil Angel)

death. So the *Halloween Parody* was fun. There wasn't too much blood, too much gore, but it was fun. Mile High [Studios] always puts me in their movies and I've played everything from a crying girl to a sassy, backstabbing best friend. I've also appeared in *The Hulk* as the scientist. That was a lot of fun. Having sex with the Hulk is definitely something I tell people is the craziest thing I've ever done. B. Skow is awesome. He's a great, funny director and the whole crew was really laid back. It's the whole experience for me. I love playing a character, but what really makes the experience amazing is the crew, the director, and everybody else that's involved. You can have a good part, but if you're having a really shitty day playing that part, you leave and just say, 'Wow, that was a *hard* day.'

HS: You've recently started doing anal. How did your first anal experience go on camera?

LL: It was fantastic. It was for Bobbi Starr's *Occupy My Ass*. I love that title. Everything went great. It was definitely a hard scene. I had been practicing, getting my ass ready a good year prior to doing anything on camera. It was still intense and Bobbi Starr, she is rough and she is tough to work for, but I love her so much and I love working for her. Then after that it was Mike Adriano. I was really scared. People told me he's so big. I was a little nervous, but I thought I could and I did. It was a lot of fun. His dick is great, it feels

really good in my ass, and he's dirty.

HS: Tell us some of the names on your anal list.

LL: I have no list. I'm pretty much upfront and straightforward with [agent] Mark [Spiegler] and I told him, "Mike was a lot of fun, but I'm not ready for Mandingo." [Laughs] He understands; he gets it. But really, the only people that sound scary to be in my ass would be Shane Diesel and Mandingo. [Laughs]

HS: Have you done DP yet?

LL: I haven't even done a DP [double penetration] in my personal life. That's something I'm really dying to try. All the girls tell me it's the best feeling in the entire world. That's what everyone says. So I would like to try that.

HS: Why do you love spit so much?

LL: I just love everything about it. Spit is the closest thing I can get to having cum and being able to play with cum. I just love the idea, the feeling and sensation of having spit, AKA cum, all over me, being able to play with it. I want the sensation of being covered in hot, gooey cum.

HS: What is something that gets you really wet?

LL: I'm all about being teased. I love foreplay. I love when a guy, even though he knows he's going to have sex with you, he's still flirting, he's still making you feel sexy. It's the good girl in me. I don't want

to just straight out say, "I want to have sex with you." There's a side to me that wants it taken from me and I want it to be forced out of me. I love being teased, I love being worked up, getting so horny and so wet and so ready to have sex, and then I love it when they stop. [Laughs] I get so mad and I get so frustrated and so in need of cock that it's painful. I love that feeling because I'm so sensitive and excited and I just want to be touched, fucked.

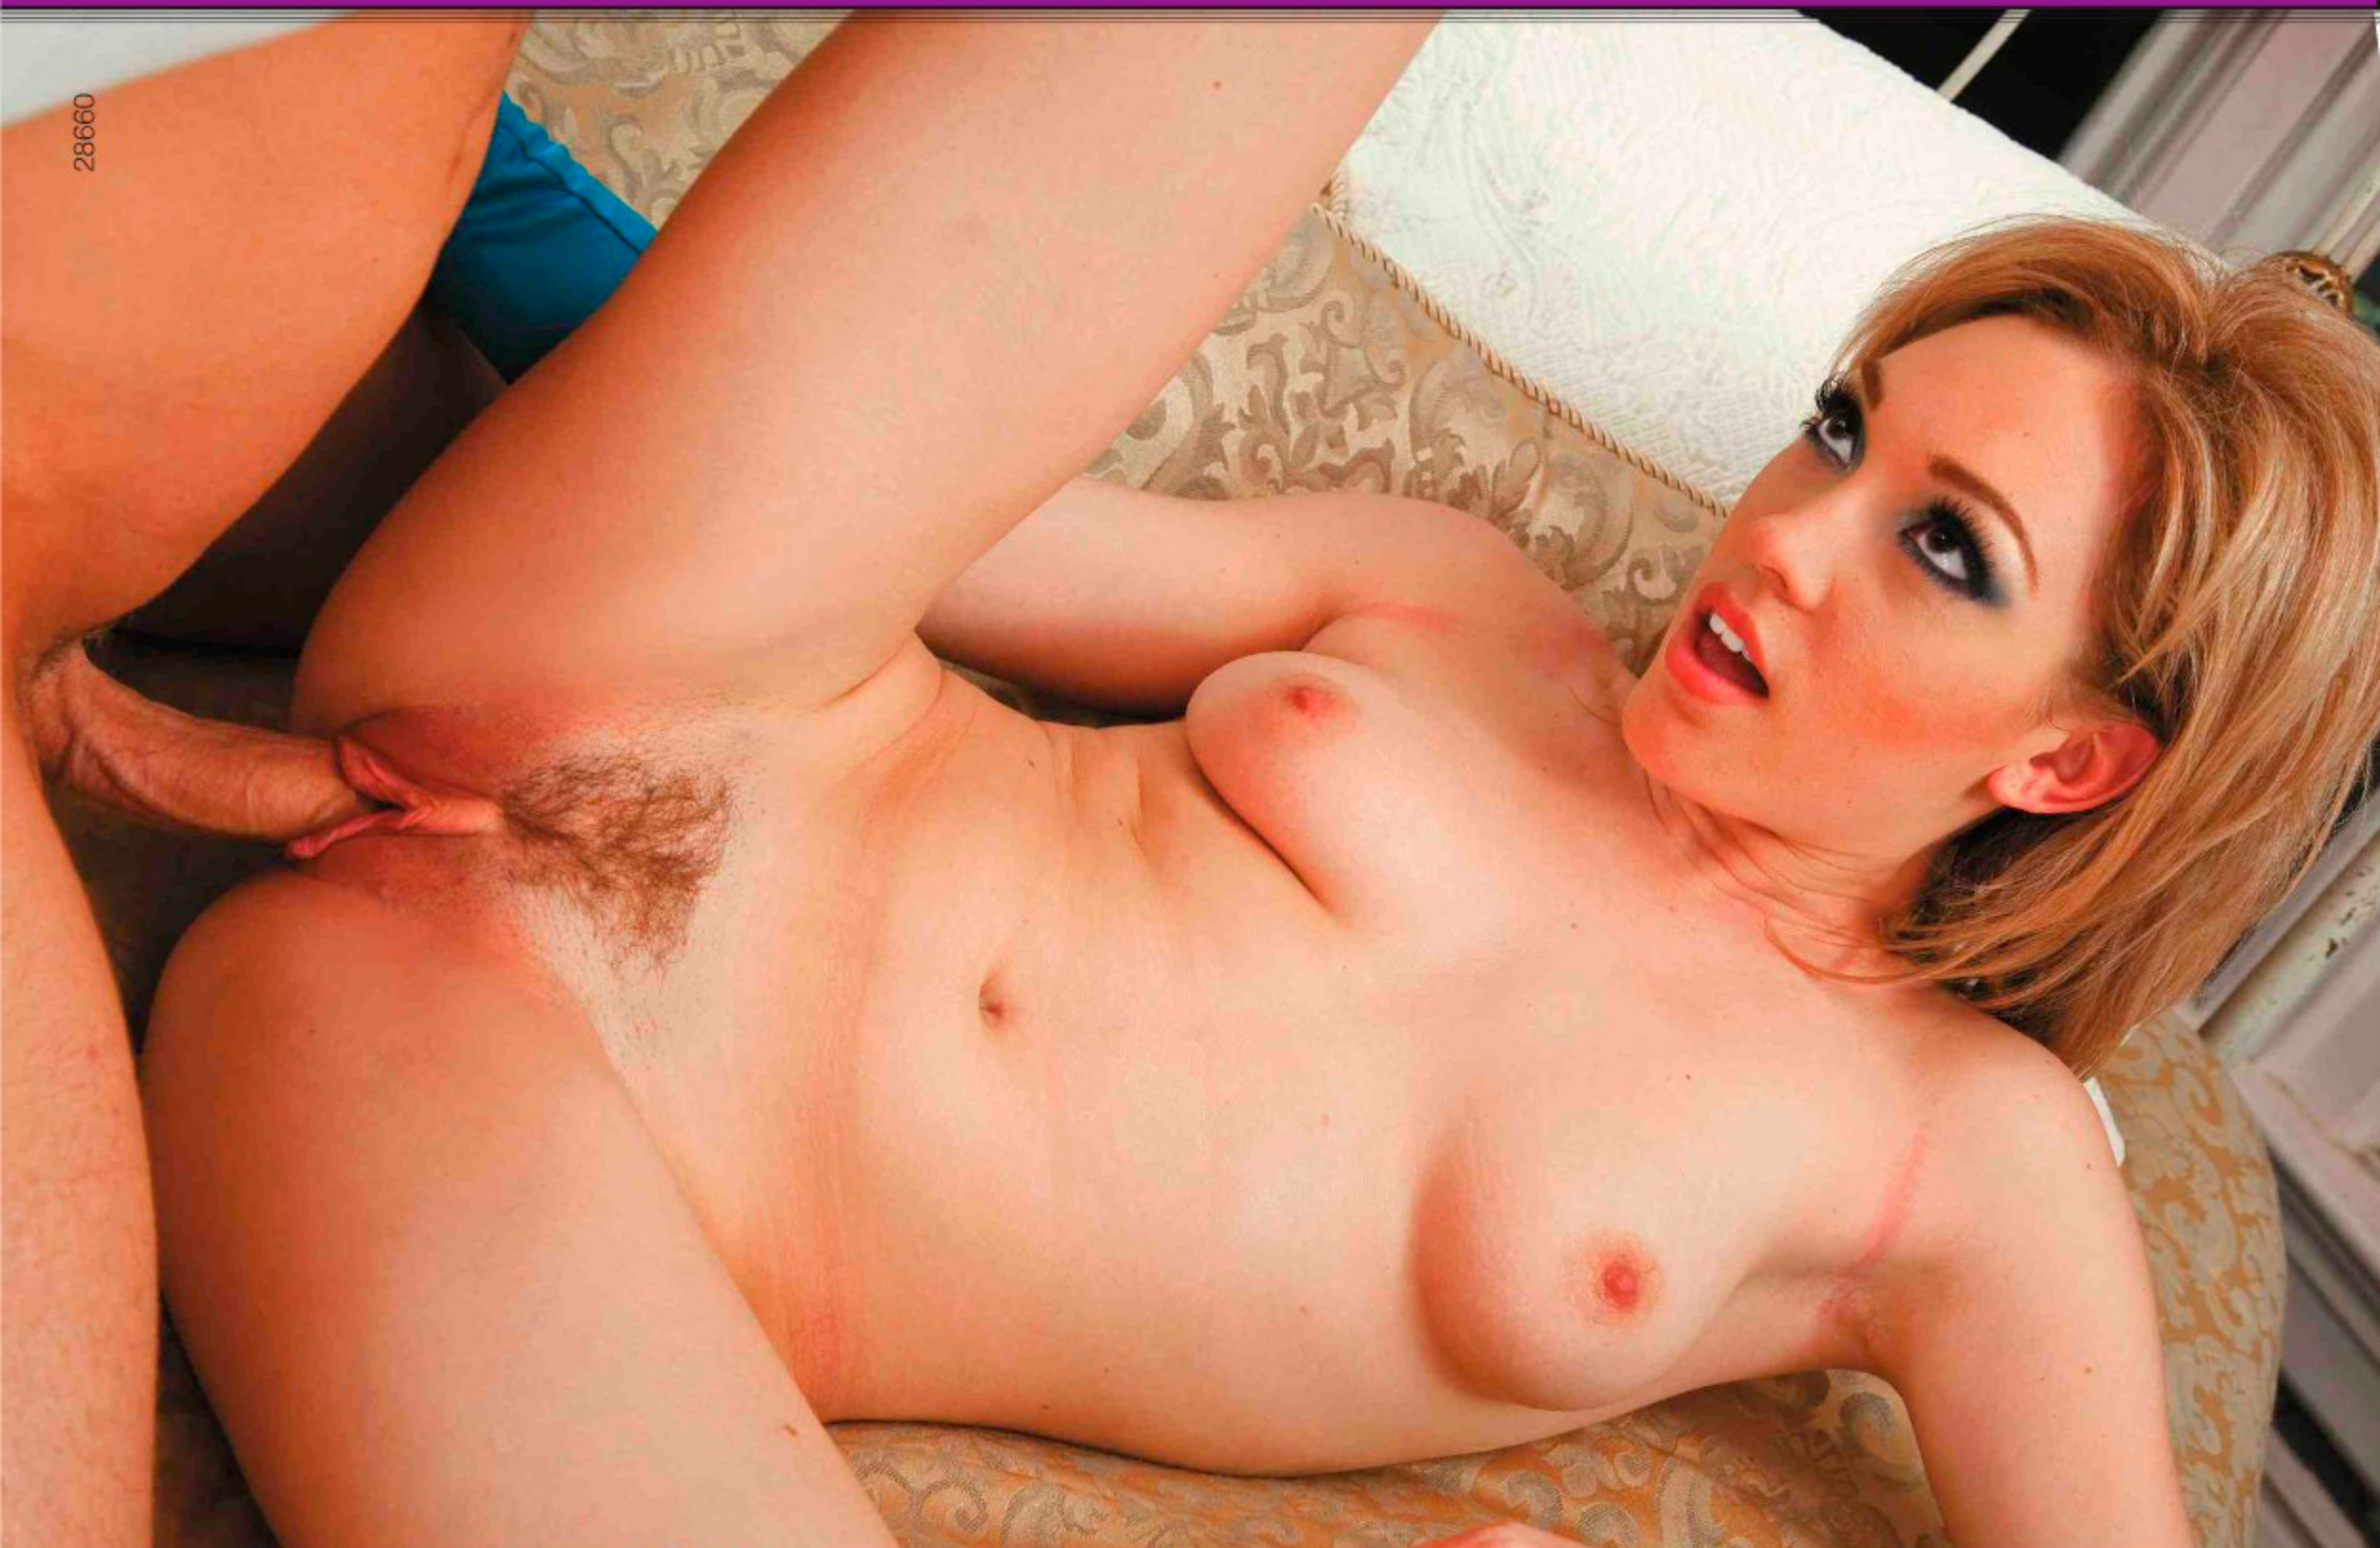

HS: When did you realize you wanted to be a porn star?

LL: I had no desire to be a porn girl, but from a young age my parents were very open about sex and it was never something to be ashamed of. It was just something that felt good. I realized I wanted to do porn when I was 18. My friend Proxxy Paige—she's a porn star—she showed me awesome porn. We were living together, she worked at a porn store, she showed me Bobbi Starr, Lexi Belle, a lot of the Evil and Elegant Angel content, and I fell in love with Alexis Texas and Belladonna. Obviously it was the ladies that brought me in; I wanted to have sex with them.

HS: What's the best and worst thing about being a porn star?

LL: The best thing is all the awesome sex. The worst thing would probably be, it makes it harder to make friends.

HS: Where would you rate yourself,

28660

32506

32508

32182

32508

looks-wise, on a scale of 1 to 10?

LL: Looks-wise, I don't know. [Laughs] You can't judge yourself. That's hard. I would say 9.5. I sound conceited, thank you for that.

HS: Do you masturbate often?

LL: I masturbate quite a bit. It varies with my mood and my hormones, but I like to think about cock. Is that weird? I think about cock and how I want to feel them. Before I had sex all I could ever think about was how I wanted to get fucked so hard, I could feel his dick all the way in my throat. That's all that I wanted before I

actually had sex, and it hasn't changed. I want a cock deep inside and I want him to fill me with all of his cum.

HS: Describe the hottest scene you've ever done and the actors that participated in that scene.

LL: The hottest scene I've ever been involved in was for Belladonna's *Party of Feet 3*. It was pretty much my dream come true. So I was in this feast of women and sexiness and I couldn't taste any of it, so it was like the ultimate tease. It was amazing. It was with Bella[donna], Kimberly Kane, Kristina Rose, and Sinn Sage.

HS: Do you enjoy being naked?

LL: If I could, I would be naked everyday, 24 hours a day. I would never put clothes on, not just for sexual reasons, but because I hate clothes. I hate bras, they're uncomfortable. I want to have a bra-burn-ing party. So any girl wants to burn bras with me, we should do that. I wish people were comfortable with nudity because it's so amazing and so comfortable. I love being naked in my house. The worst thing you'll hear on-set is, "Put your clothes back on." [Laughs]

HS: What size cock do you prefer?

LL: I like it all. If you have a small cock I have a G-spot that's closer to the front, so if you have a smaller dick it's actually perfect to hit my G-spot. That feels really good. If you have a big dick I love the feeling of being full and being stretched and feeling it all the way in. The only thing I don't like is some dicks are really long. Pussies stretch, but if you go too fast too quickly it just hurts. So if you have a really long dick it's great to just work it in there. Take your time, let it do its thing, stretch out my pussy, and let it get used to it. It's easier for me to go wide than it is for me to go deep. [Laughs] So it just takes me a little bit longer with really long dicks. But I love cock.

HIGH SOCIETY PRESENTS ON THE SET OF...

Girlfriends GET EVEN 2

By Acme Andersson

MELANIE RAIN

VANESSA CAGE

VICTORIA LAWSON

LEXI BLOOM

NIKKI DANIELS

STARRING: MELANIE RAIN, VANESSA CAGE, VICTORIA LAWSON, LEXI BLOOM AND NIKKI DANIELS WITH TONI RIBAS, MR. PETE, MANUEL FERRARA, ERIK EVERHARD AND MICHAEL STEFANO **DIRECTOR:** BOBBY MANILLA **STUDIO:** REALITY JUNKIES

Funny thing about some girls, they actually *do* mind if their guy is out there fucking other chicks. Yeah, we know, that seems old-fashioned, but it's the reality. The ladies in *Girlfriends Get Even 2* not only don't dig it, they do something about it—they get revenge!

Those other guys are pretty lucky—they get to bang a hot chick who's just out for a little revenge, so the sex is hot, they don't have to fix her breakfast in the morning, and maybe they'll get another shot, too. The chicks win, since they take their free pass and get out there and ride another cock. And their boyfriends, well, they were already getting laid, so it seems like everyone wins!

The girls out to spread their legs to get back at their boyfriends are **Melanie Rain, Vanessa Cage, Victoria Lawson, Lexi Bloom, and Nikki Daniels**. We should all be so lucky to bump into beauties as angry as these five.

MELANIE RAIN

Melanie got on the computer and found out that her boyfriend was banging other girls he found on the Internet, so she set up a fake account and hit him up for a date. Then she also set herself up with a random Internet hookup, some foreign-tongued horny bastard named Toni.

This guy couldn't have gotten a more open invitation. Since she knows her boyfriend is off fucking some chick he met on the Internet, she knows what she wants when Toni comes over and they get right down to business. She is naked in no time, and he isn't shy about what he wants from her, playing with her pussy and then telling her to get his cock in her mouth so they are both wet and he can fuck the shit out of her. She makes her tell him how much she wants to get fucked and then lays her across the bed, demands she look at him, and slides it in,

banging her with speed and force, something missing from her life for too long.

At no point does Toni relinquish control; even when she is riding his cock he is shoving his digits up her ass and then feeding them to her. If getting revenge on her boyfriend means getting fucked like a whore by some random dude, she is

mighty successful. After almost splitting her in half with the piledriver, he blows his wad in her pussy and then plays with her smooth snatch until some cum oozes out. Just then the boyfriend comes home right about this point and doesn't like what he sees. That boy better smell his finger before pointing it.

Revenge Is A Dish Better Served Cold?: Pissed off rubber hole Melanie serves up her own hot-pussy entree, much to the liking of meat provider Tony Ribas.

VANESSA CAGE

You wouldn't think any guy could be cheating on Vanessa, but she knew her boy was screwing around. About 30 seconds with his phone exposed the truth. She calls this chick and who answers but this girl's boyfriend. Quick-thinking Vanessa sets up a meeting and talking wasn't really on her mind.

After showing him a couple of texts between her boyfriend and his girlfriend, she shows him how well she can suck cock, and Pete shows that he hasn't been getting

enough action at home and soon the stiff stick of revenge is moving in and out of her cunt and she's moaning like a girl with needs finally fulfilled.

There is a lot of dirty talk about their cheating significant others and both are happy to finally be getting off rather than cheated on. Pete even uses her boyfriend's phone and gets some video footage of him banging her and her sucking his cock, irrefutable evidence of their getting even. In case there are any questions, he even gets a good shot of the freshly-fucked girl with cum on her face and his cock in her mouth.

What's Good For The Goose....: When Vanessa discovers her boyfriend is cheating, she turns the tables on him in the form of Mr. Pete's Italian sausage.

VICTORIA LAWSON

Victoria wasn't happy in her relationship, but she figured at least he wasn't cheating on her. Then he came in wasted one day and he had lipstick on his neck and shirt, a pair of panties in his shirt pocket, and the scent of cheap slut all over him. She's a hot chick so it doesn't take more than a phone call to get some fresh cock in the house.

Manuel, whom she met at the grocery store the other day, back when she had a boyfriend, comes by. He steps over the now-ex-boyfriend who's passed out on the floor and joins Victoria on the couch, and not for tea. Just the thought of getting laid has her

soaked, and getting her dumbass boyfriend back while he sleeps one off on the carpet gets her panties off in no time. Soon she is welcoming his cock into her pussy party. She cums long and loud on Manuel's cock and still her boyfriend remains passed out, so they continue.

The last time he makes her cum Victoria could have woken the dead, but there's still time for Manuel to blow his load on her face in peace. Dumbass wakes up long enough to protest briefly, but he's out again and Victoria cleans off Manny's cock, and then clears out her stuff. "Don't get mad, get laid," is her new motto.

Nothing Worse Than A Woman Scorned:
When Victoria's Asian douchebag comes home with lipstick on his collar, Victoria seeks out missile tomahawk Manuel instead, and tells her ex, "Sinonara, Fatsonova!"

Cuts Like A Knife:
*Shocked by her
boyfriend's cold betrayal,
Lexi sucks and fucks Erik
like he's her knight in
shiny armor.*

LEXI BLOOM

Things with Lexi and her man started so well and then she ended up being more of a maid than a lover. When his pal comes by, she's treated like a waitress. She then hears her man tell his friend they should go out later and get lit up and fuck some chicks, that he's always banging other girls. Lexi doesn't like that.

So when boyfriend goes off to get ready, she gets on Erik—some revenge for the night. Apparently he's getting ready in a room far, far away, because Lexi hollers and

screams, and moans through multiple orgasms without the least bit of audio reservation and Erik just hammers away at his buddy's girl, not rushing as he fucks her every which way on the couch.

As she pulls her knees back to her shoulders and fiddles with her pussy for a final, obnoxious orgasm, Erik is ready to blow and he splatters his whiteness all over her face and tits. While Lexi cleans him off, here comes BF and he's pissed. She says, "You cheated on me, this is your fault." As he walks away in a huff, she adds, "His dick is bigger, by the way!"

NIKKI DANIELS

Nikki figures out that her boyfriend and Michael's girlfriend are cheating on them. They try to have some fun starting a fight, and then Michael and Nikki get it on while Michael's girlfriend takes a long bath. How long can she soak? Neither seem to care.

Nikki tells him that she's been waiting for this and Michael's hunger for her seems at least equal. Soon she is on his dick, which makes splashing sounds as it goes in and out of her hole, though it's difficult to hear when she is crying out with pleasure for so long. If she didn't seem so genuinely into it one might think she was just

mocking the bathing beauty who must have an iPod blasting in her ears not to hear this explosive sex.

Michael plows her with a high doggie cramming, then they go through an energetic missionary that has the howling cum queen practically ripping the stuffing out of the mattress as he circles third and slides his load into her home plate. "Screwing around on my boyfriend's manager was sweet, but getting a boyfriend with a better job was sweeter." Chicks. You can piss them off, but they've got the pussy.

For more hot filth go to reallyfucking.com.

Cheaters: Nikki and Michael decide to hide the salami when both find out their significant other's are saucing the sushi!

TONGUE BANG

32514

HIGH SOCIETY 123

It's said that the tongue is the strongest muscle in the human body, with over 20,000 different uses. All **Peaches**, **Vivian**, and **Sandy** know is that the tongue is one talented mass of love muscle that lets them taste the flowers and bud the tight little buttholes of kinky wet lesbo sex. And they're only interested in about a handful of the tongue's different uses. Wait—better make that a *mouthful*. The tongue flickers, licks and probes even the deepest, darkest-pink penetrations, always offering up a taste of the forbidden in the long lost art of the tongue fuck. Slippery and delicious, an old fashioned two-hole tongue fuck is an awesome adventure in ass-to-mouth-to-pussy play, but a long sustained fold and fuck requires tons and tons of tensile tongue strength. And there's nothing tongue-in-cheek about any of that, except of course, when there *is*.

**RIKKI
SIXX**

32516

Our next issue of **HIGH SOCIETY** is a real *stroke* of genius! If you don't believe us just ask **James Deen**, who gets stroked off by MILF **Puma Swede** while girlfriend **Vanessa Cage** watches in horror! Then cum-starved cowgirl **Teal Conrad** takes off her shit-kickers and transforms into an ass-licker at the drop of a ten-gallon hat! Foreign hottie **Kristina Bella** turns her Euro-slut mouth into a cock-sucking vacuum cleaner, and blonde bombshell **Rikki Sixx** knows just how to stiffen our dicks! All this plus *loads* more fun in our next issue, so don't miss it!
